TERMINAL DISCLAIMER

Sir:

Your petitioner, WinTech Polymer Ltd., a corporation having an office and place of business at 18-1, Konan 2-chome, Minato-ku, Tokyo, Japan 108-8280, represents that it is the assignee of all right, title and interest in and to Application Serial No. 10/574,574, filed April 4, 2006 (hereinafter "the above-identified application"), as well as the assignee of all right, title and interest in and to U.S. Patent No. 7,396,428 (hereinafter "the '428 patent").

Your petitioner hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term as presently shortened by any terminal disclaimer of the '428 patent and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to such patent granted on the above-identified application shall be the same as the legal title to the '428 patent, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors or assigns.

SAKATA et al
Serial No. 10/574,574

Petitioner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term as presently shortened by any terminal disclaimer of the '428 patent in the event that either later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

The undersigned is an attorney or agent of record.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
